

**Temple Beth Israel**  
**2022-2023 Community Commitment**

Your Community Commitment links you to the life and spirit of the Temple Beth Israel congregation. Your monetary contribution directly supports Temple operations, BUT it is your presence and participation in the Temple that is the essence of our Jewish community. Consider how you can strengthen our community through attending services, volunteering for a committee, sponsoring an oneg, suggesting a cultural activity, or teaching a religious school class, for example. Our congregational strength is dependent on you!

Community Commitment is an expression of belonging. We ask that you reflect on the value that Temple Beth Israel's community and congregation bring to you.
